This is valid on all eligible deposits made during the promotion period. This is given as a trading credit and subject to the special condition(s) that you do not make any withdrawals of profit from your Promotion Account during the Promotion Period. If you withdraw funds, including profits, before the end of the promotion or before the end of the trading credit expiry, the trading credit will be removed. Note also that the removal of the trading credit could result in the closure of some or all of your trades if you do not maintain sufficient funds. Internal transfers are also considered withdrawals. If your Axi Account Equity balance falls below the credit balance, the credits will be removed, and your open trades will be closed. Trading Credit has the effect of increasing your leverage and does not offset any trading losses that you sustain as it is withdrawn if your account cash balance falls below zero and you will be required to pay any negative cash balance subject to the special condition(s) that you do not make any withdrawals of profit from your Promotion Account during the Promotion Period.
